Reston Environmental Green Workplace Fair

Reston Environmental Action (REACT), a non-profit organization promoting environmentally sound lifestyle choices, is holding a Green Workplace Fair on Thursday, June 26 from 1:30pm to 3:30pm at the Reston Community Center at Lake Anne.

Many companies large and small want to be more environmentally conscious for their employees and clients, and many are not sure how to start. At the Workplace Fair, businesses and organizations will exhibit their products and services to make workplaces more environmentally friendly. Whether they work in a home office or large office building, employees can learn ideas on greener energy, transportation, landscaping, printing, office cleaning, business recycling requirements, and more.
